### Enterosolvent Capsules

Protects the active ingredients from stomach acid and ensures they reach the intestines intact.

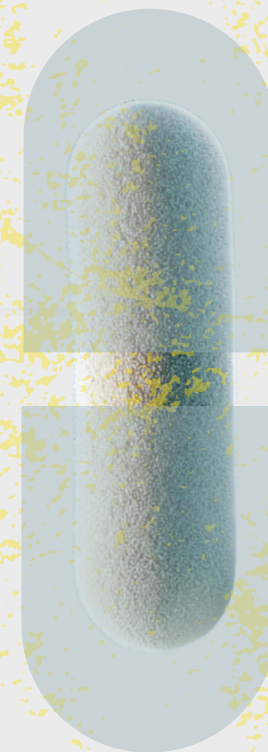

This leads to higher efficacy and improved results for your overall health.

### Recommended For

- Individuals with digestive issues (IBS, IBD, bloating, leaky gut).
- Those looking to enhance immune function.
- Anyone managing metabolic concerns (e.g., insulin resistance, weight management).
- People interested in anti-aging and cognitive health support.

### Key Postbiotic Ingredients

**Short Chain Fatty Acids (SCFAs):**  
Boost gut health and regulate inflammation.

**Organic Acids:**  
Promote nutrient absorption and protect against harmful pathogens.

**Amino Acids & Derivatives:**  
Support intestinal integrity and reduce stress.

**Spermidine:**  
promotes longevity and vitality by enhancing cellular regeneration, stimulating autophagy, and extending the healthspan

**Polysaccharides & Exopolysaccharides:**  
Enhance immune function and feed good bacteria.

**Postbiotic Metabolites:**  
Maintain a healthy gut barrier and prevent inflammation.

**Vitamins & Cofactors (K2, B12, Folate):**  
Essential for bone health, cardiovascular support, and neurological function
